

Math & Art 2019 Contest

Choose a category below and submit one piece. (You may do more than one if you choose, but only one can be entered.)

- **Geometric Designs made with Markers, Colored Pencils, and Crayons:** Students make original designs using only markers, colored pencils, and crayons.
- **Geometric Designs made with Glued-on Shapes:** Students must cut the shapes, arrange the shapes, and glue the shapes in place to make an original design.
- **Tessellation Designs:** Students must make original tessellations using markers, crayons, or glued-on shapes.

Posters must be two-dimensional and no larger than 9" by 12".

Posters are judged on creativity, originality in uses of geometry, accurate mathematics, and neatness. This will count as a test grade during 3rd quarter. If your paper is wrinkled, torn, messy, etc....you will lose points!

All finished projects are due to me by Friday, February 8.

Write the following neatly on the back of the poster:

First and last name

Grade

Mrs. Pace

St. Elizabeth Ann Seton School

2200 West Republic Road

Springfield, MO 65807
